

March 1st 2018

To whom it may concern,

An unexpected delay in the production of the FFG Nationals prize material has occurred. Due to this delay, it is now highly likely that the prizes will not be available for Canadian Nationals at Breakout Con.

Replacement prizes have been planned to be sent to Breakout Con to give to players participating in the various events. On site, someone will be getting contact information from all the players in order to send the the actual Nationals prizes once they are produced and received at the Asmodee Canada offices.

We are terribly sorry for this delay and the issues that they may cause.

Best,

Kalinda Patton
